Declaration on RoHS and REACH

RoHS compliance 2011/65/EU and European Parliament Directive 2015/863/EU

The European Directive 2011/65/EU regulates requirements for harmful substances in electrical and electronic equipment. Accordingly, no articles may be imported into the European Community or traded in the EC that do not meet these requirements. Based on the information available to us from our upstream suppliers, we confirm compliance with the RoHS Directive according to 2011/65/ EU. Certificates for RoHS conformity do not officially exist to our knowledge. The following elements are not contained or only in very small quantities (0.1%, 0.01% for cadmium weight percent related to homogeneous materials).

- Lead
- Cadmium
- Hexavalent chromium
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ethers (PBDE)
- Mercury

In addition, we comply with Directive 2015/863/EU and therefore also comply with the updated amendments to Annex II for the limit values of the supplemented plasticizers. The following elements are not contained or only in very small quantities (0.1%).

- Bis(2-ethylhexyl) phthalate (DEHP)
- Butyl benzyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutylphthalat (DIBP)

Excluded are only materials that are targeted to customer specifications. Possible modifications are not covered by this letter.

We will be happy to answer any further questions you may have using the contact details provided.

Declaration of Conformity to REACH

European Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals (Regulation (EC) No. 1907/2006). In terms of the REACH regulation, we as a manufacturer of air purifiers/disinfection have the status of a downstream user. This means that we rely on information from our suppliers and issue our declaration of safety according to the information provided to us.

REACH Declaration of No Objection:

1. all products we supply to you comply with the obligations resulting from the REACH regulation.
2. according to current knowledge, none of the articles contains chemicals that are listed as Substances of Very High Concern (SVHC) in a concentration of more than 0.1% according to the candidate list (ECHA list), which is constantly updated by the EU.
3. we do not import or purchase any of the SVHC listed substances ourselves. Also, no SVHC listed substances are intentionally released in our products.

This document was generated electronically and is valid without signature.
